Now you can experience the low-cost convenience of Online Training In-Service Seminars (OTIS) with the added advantage of a live presenter. The Monmouth Ocean Educational Services Commission (MOESC) is making available to all OTIS customers, a live trainer to facilitate your implementation of the OTIS program in your school.

Imagine completing all mandatory staff in-service trainings in one day without having to worry about it for the rest of the year! You may already have enjoyed the ease of OTIS, but now **OTIS™ Live** makes it even easier. MOESC's facilitator/trainer provides an organized training experience, on-site, in your building — for your entire staff!

Richard Conte, the OTIS Project Administrator is available throughout the training to respond to questions or any issues that may arise during the sessions. He provides supplemental materials to your staff and processes the content after each presentation.
